

Fluency Phrases

A great supplement to
your phonics program

Freebie

See my TPT store for
the complete bundle

- 
- These resources were created to help my students become more fluent while reading. The students get to practice their phonics skills, and improve their fluency. They can be used with any phonics program.
 - Laminate and cut out the phrases to use for fluency work, word work, extra help instruction, in small group instruction and for students to work on in centers.
 - I print, laminate, cut out the phrases then place them in a Ziploc bag for each unit. I love to start off using them in guided reading as a warm up exercise.
 - You can also include them in a power point for daily whole class instruction.
 - When printing check the box - Scale to fit paper

job is fun

U2

cut his lip

U2

the gum has

U2

rap a rag

U2

rat is on

U2

not a cat

U2

the map is
